

## Levy - Basic Training

**COURSE DESCRIPTION:** The two-day, Basic Levy Training session provides an overview of the property tax levy process and basic training in the calculation of levies and levy limitations. The presentation is designed for new levy specialists from either the Assessor's office or taxing district staffs. Other professionals that work in or around the property tax system are welcome. This session presumes that the participants have minimal experience with levies, so we concentrate on the fundamentals. Experienced staff is welcome to attend and participate, but the most complex questions will be answered as time allows.
